

**IN PIZZA
WE TRUST**

OURS IS A PIZZA THAT IS TREATED WELL.

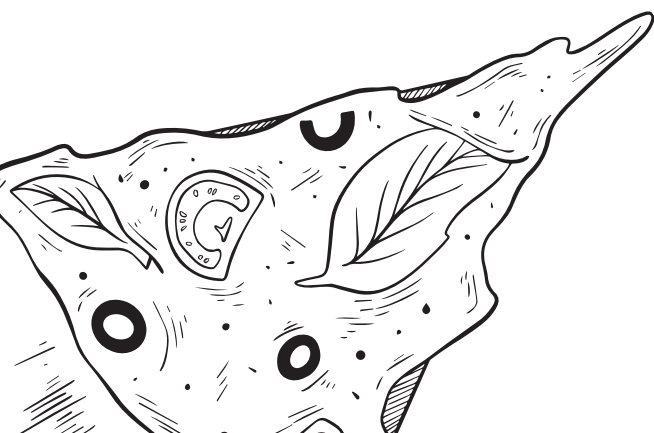

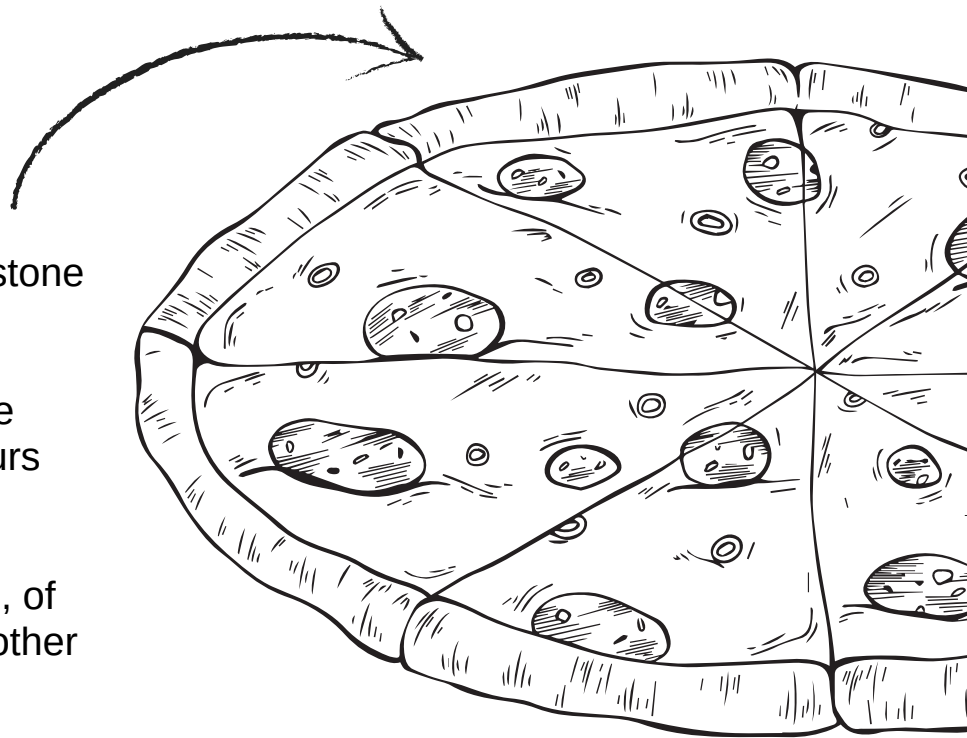

It requires flour worked with stone mills, not just any treatment.

Its dough is obtained from the combination of traditional flours and kamut flours

It rests for seventy-two hours, of course, without the use of mother yeast.

He wants only the best ... organic ingredients.

The result is a pizza without compromising taste, lightness and digestibility.

SPECIAL NEEDS?

If you are intolerant or allergic, you have chosen the right place. Ask our staff, they will be able to please you too.
